

PRODUCTION WILL DROP IF UNIONS CONTROL MILLS

Gary Tells Senate Committee U. S. Can't Keep Pace With World.

SAYS CORPORATION HAS NOT MISTREATED ITS EMPLOYEES

Denies Strikers' Story of Killing and Mistreating Pennsy. Woman.

Washington, Oct. 1.—If unions control industries in the United States "it means decay and the dropping of production," Judge Elbert H. Gary, chairman of the board of the United States Steel corporation declared today in presenting the corporation's side of the steel strike to the senate investigating committee.

"It means this country cannot keep up in the race with the world," said Mr. Gary. "It means the condition I fear England is in today."

Washington, Oct. 1.—Denying that the United States Steel Corporation has mistreated its men, as charged by union labor leaders, Judge Elbert H. Gary, chairman of the corporation told the senate committee investigating the steel strike today that in his opinion there was no basic industry in the world which had paid larger wages than his company.

"It has been stated before committee," said Judge Gary, "that the steel companies have been guilty of ill treating their employees. Some statements have been made of mistreatment and some absolutely without foundation."

"I wish to state, Mr. Chairman that there is no basic industry in this country nor in the world in my opinion, which has paid larger wages than the United States Steel Corporation, and perhaps not as large nor has treated their employes in greater respect and consideration if as great."

"It has been charged that during the pending strike the subsidiary companies have been guilty of attacking and mistreating employees."

"There isn't a word of vestige of truth in that statement. Photographs were displayed here, and it was said a woman was killed. This photograph has been posted all over America with a line over it 'Mrs. Fannie Sellins' body ghastly mistreated by the steel trust's fiendish crew."

"She was shot at Breckinridge, Penna. we have no work in Breckinridge there. If she was killed, it was with out even the knowledge of the steel corporation or any of its employes."

"Hasn't your company investigated that matter, in view of the charge?" asked Chairman Kewen.

"The verdict of the coroner's jury," said the witness, "made it plain that (Continued on Page 11, Col. 4)

PRIEST TELLS MEN TO TAKE OVER MILLS

Youngstown, Oct. 1.—With nothing to do but speculate as to when the local plant of the Carnegie Steel company will make the first attempt to break the paralysis in the steel industry of the Youngstown district, pickets to day again took up their vigil at the plant, watching for a heightening of the manifest activity there into the hum of actual manufacture.

"Pickets are having a quiet time here with every steel and fabricating industry in the valley closed since the second day of the strike. Rev. E. A. Kirby, a Catholic priest at Guard, created a stir yesterday by telling a mass meeting of strikers that if the corporations, and the government do not start the mills then the men themselves must take them over until these bourbons learn another lesson."

Another diversion is provided in a meeting of strikers from the Fairl district in Pennsylvania to be held across the Ohio line.

PICKETS CLASH WITH WORKERS AT MILL GATE

Youngstown, O., Oct. 1.—The first disorder in the Mahoning Valley's steel strike claim last night when Pasquale Vincenzo was shot in the right arm during a skirmish between pickets and workers who were entering the coke plant of the Republic Iron and Steel company, John E. Vincenzo, a fireman in the plant charged with the shooting, is at liberty under his own recognizance.

Patterson, driving an automobile load of workmen, charges that pickets at the mill entrance stoned the machine as it approached. He emptied his revolver at the strikers, Vincenzo being the only man hit. The injured man says that he was not one of the pickets, but was waiting for a street car.

More men entered the Ohio works of the Carnegie steel company this morning than on any day since the plant was closed down, observers report, and an attempt to operate some departments at least, is expected soon.

ASKS LLOYD GEORGE TO CALL PARLIAMENT

London, Oct. 1.—William C. Adamson, chairman of the labor party in parliament and leader of the opposition there has telegraphed to Prime Minister Lloyd George asking that parliament should be summoned immediately.

COSSACK LEADER TO PUNISH MEN WHO BEAT YANK

Sends Apology to General Groves, Commander of Siberian Forces.

AMBASSADOR TELLS STATE DEPT. ROZANOFF IS SORRY

Incident Occurred At Iman Sept. 5, Army Report Disclosed.

Washington, Oct. 1.—Boris Bakhmeteff, the Russian ambassador, informed the state department today that General Rozanoff, the superior Russian commander in Siberia, had apologized to Major General Graves, commanding the American forces in Siberia, for the incident at Iman, Siberia, September 5, involving the arrest by Cossacks of an American officer and enlisted man and the flogging of the latter.

The ambassador also said General Rozanoff had promised to call for the punishment of the troops which had been guilty of the mistreatment of the Americans.

WILSON RESTLESS; NOT SO WELL TODAY

Washington, Oct. 1.—After a restless night President Wilson fell asleep during the forenoon today and arose late. Rear Admiral Graydon, his personal physician, at 1 o'clock this afternoon issued the following bulletin:

"The President had a restless night and consequently is feeling somewhat jaded today."

The President's general condition was described at the White House as being as good as it was yesterday, despite his restless night. A backset was not indicated, it was said.

ROOSEVELT'S FRIEND DIES IN WORTHINGTON

Columbus Oct. 1.—Brigadier General Charles Lawrence Cooper, retired, intimate friend of former President Roosevelt, died at his home in Worthington, a Columbus suburb, last night after a lingering illness. He was 74 years of age.

General Cooper mustered Colonel Roosevelt and his Rough Riders into federal service during the Spanish American war. He participated in the Porto Rican and many Indian campaigns and held the post of military adviser to the governor of Colorado for many years.

General Cooper is survived by a son, Colonel Harry L. Cooper, regular army, and two daughters, Mrs. C. C. Cooper of Los Angeles and Mrs. Moore, wife of Colonel Tredwell Moore, regular army.

When Colonel Roosevelt made his last visit to Columbus in the interest of the fourth liberty loan he visited General Cooper at his home.

The body will be taken to Arlington national cemetery for burial.

TRAIN SERVICE BEST SINCE STRIKE BEGAN

London, Oct. 1.—While the delegates of the Transport Federation were assembling today to decide whether the 325,000 workers they represented should go out in sympathy with the striking railroad men of Great Britain, the government's official report on the situation, issued at noon, announced a continued improvement in actual conditions. The train service had been bettered, the communique asserted, more than 800 trains having been run yesterday.

AKRON LABOR BODY REFUSES TO STRIKE

Akron, Oct. 1.—Central Labor union, at a meeting last night, refused to act on a petition to call a general strike to force the issue in the mine strike which has been deadlocked for weeks. The Central Labor body held that such strike action was a matter for local unions and even then was subject to ratification by international officers.

D'ANNUNZIO HAS ARMY OF 15,000 IN FIUME

Fiume, Tuesday, Sept. 30.—Normal conditions have been restored at Spalato, where street fighting has occurred between Italians and Croats. Feeling between the two races is, however, reported quite bitter.

Captain Gabriele D'Annunzio's army in this city numbers 15,000 officers and men, according to information received from official sources. There are constant additions to this force from deserters who have left their units along the armistice line.

Rome, Oct. 1.—(Havas).—Sympathy with Captain Gabriele D'Annunzio is spreading among the regular Italian troops, money and supplies continue to flow into Fiume.

BAKERS GUILTY PAY \$14,000 FINE

Four Admit Violation of Anti-Trust Law in Franklin County—Will Reduce Bread Prices.

Columbus, Oct. 1.—The "Big Four" of the Columbus baking industry, companies which are said to supply 80 per cent of the bread consumed here, through counsel, before Judge Duncan yesterday pleaded guilty to indictments charging violation of the Valentine anti-trust act by conspiring to fix the price of bread.

Concerns which pleaded guilty are the Columbus Bread company, Reynolds Baking company, Brenneman Baking company and the Occident Baking company.

The guilty pleas were permitted entered by the court and Schlesinger after the companies had agreed to:

Immediately lower the price of bread. Each pay a fine of \$1000. Each pay \$50 a day since being served with notice of the indictments, Aug. 22.

Judge Duncan sentenced the companies, immediately after pleas had been entered.

The combined fines and costs will amount to more than \$14,000.

Attorney A. T. Seymour, representing the Columbus Bread company, declared the corporation was not pleading guilty to profiteering, but merely to having participated in "conferences with other bakers relative to costs of production and prices."

Judge Duncan ordered indictments against five officials of the companies, in so far, he declared, as the purpose of the action—to lower the price of bread to the consumer—had been attained.

Had the individuals been found guilty they would have been sent to the penitentiary, assenality for violation of the Valentine act provides no alternative.

SECOND ROBBERY IN MONTH

Youngstown, Oct. 1.—The Davis Clothing and Jewelry store, in the heart of the business district, was robbed early today for the second time in a month, thieves taking several thousand dollars worth of furs, jewelry and clothing.

Cincinnati Easily Wins First Game Of World Series

Wilkinson and Loudermilk Try to Stop Moran's Drive But Meet Same Fate as Shineball Expert—Ruether and Daubert Pole Out Three Base Hits.

Cincinnati ... 1 0 0 5 0 0 2 1 x-9-14-1
Chicago 0 1 0 0 0 0 0 0 0-1-6-1

Cincinnati, Oct. 1.—The Cincinnati Reds won the initial game of the world series of 1919 today by the overwhelming score of 9 to 1. The heavy hitting of the National Leaguers combined with the fact that Eddie Cicotte, the White Sox star twirler was forced to retire, stood out as the features of the opening contest. The hitting of Walter Reuther was the outstanding brilliant performance of the Reds, the southpaw getting three hits out of three times at bat, including two triples. Reuthers pitching was also of the highest class.

SPEAKER PICKS SOX; REDS DREYFUS' BET

Redland Field, Cincinnati, Oct. 1.—With the sun shining brightly and with every indication pointing to continuance of fair weather, nothing stood in the way of the playing of the initial game of the world's baseball championship between the Cincinnati Reds and the Chicago White Sox for the premier honors of baseball and a goodly amount of the coin of the realm.

Before the time for the game to start the pavilion and bleachers were filling up rapidly while only a scattering of spectators were in the grand stand and boxes.

More than a dozen bands or orchestras entertained those who had journeyed to the park early and numerous quartets and individual vocalists vied with each other in singing popular airs.

Official announcement was made shortly after noon of the assignment of umpires. Rigler will officiate at home plate, Evans at first base, Quigley at second and Nallin at third base. Tomorrow the umpires will rotate, Evans officiating behind home plate.

Manager Tis Speaker of the Cleveland Indians, who came within a few games of opposing the Red legs in the world series, headed the Cleveland delegation, which numbered approximately 500. Speaker picked the White Sox as winners of the series.

President Barney Dreyfus of the Pittsburgh club headed the two train loads of Pittsburgh rooters who arrived this morning. He declared it his belief that the Cincinnati Reds would win the championship.

The special trains carrying Chicago fans to the opening game were delayed about 2 hours because of a freight train derailment. As a result it was necessary to detour the special trains, which were due to arrive shortly after 2 o'clock, the time set for the game.

George Wright and Cal McVey, veteran players of the champion Red stockings of 50 years ago, spurred all offers to ride to the ball park. "We are going to walk and we are going to start early," they declared their bench at 12:30 p.m. and were given a vociferous welcome. A band paraded around the field, stopping for brief periods in front of the pavilion and various sections of the bleachers.

Cincinnati federal agents today began an investigation of alleged scalping of baseball tickets for the world's series games here. A number of Cincinnatians who are said to have bought tickets from scalpers at high prices were summoned to the office of the United States internal revenue collector for examination. If evidence warrants, it was said, warrants will be filed.

Pat Moran, manager of the Cincinnati Reds today received an omen of good luck shortly before the beginning of the opening game. It was a box full of "southern shamrocks" or cotton balls from Jack O'Donahue, past exalted ruler of the Chattanooga, Tenn. lodge of Elks.

Baseball fans from every section of the country were in Cincinnati today for the opening of the series, but Ohio fans were in the majority. Nearly every Ohio city and village was represented in the crowd of 33,000 people who crowded Redland Field. Cleveland with several hundred rooters, had the largest delegation. Governor Cox headed the Columbus rooters and John O'Dwyer, the Toledo rooters.

Among other public officials who arrived this morning were Senator Warren G. Harding of Ohio and former Governor A. B. White of West Virginia. The Reds began batting and fielding practice at 12:30 p.m. Ring serving the offerings to the batters. A battery of photographers and moving picture cameras were in position.

At 1:00 p.m. the game began. Reuther pitched for the Reds and Cicotte for the Sox. Reuther pitched a masterpiece, allowing only one run, one hit and one error in seven innings. He struck out six batters and pitched a perfect ninth.

Cicotte pitched for the Sox and was hit by Reuther in the first inning. He was hit by Reuther in the second and third innings. He was hit by Reuther in the fourth and fifth innings. He was hit by Reuther in the sixth and seventh innings. He was hit by Reuther in the eighth and ninth innings.

Reuther pitched a masterpiece, allowing only one run, one hit and one error in seven innings. He struck out six batters and pitched a perfect ninth.

And now Time advances the clock of Fashion to
AUTUMN 1919

*An autumn such as the world has not known for four years—
—an autumn joyous with the return of Peace — And women,
lovely women must dress their part to help make us all forget*

*A cordial invitation is extended to all to
inspect our Autumn Exhibition of Fashions.*

AT THE AUDITORIUM THEATRE
THURSDAY and FRIDAY—OCTOBER 2ND and 3RD
A STUNNING FALL and WINTER FASHION SHOW

AT 7 P. M.

Dorothy Dalton

— IN —

"The Mating of Marcella"

CONSPICUOUS for her ability as an actress of high attainment Dorothy Dalton ranks among the leading motion picture actresses of the country. In this picture Miss Dalton is a modiste's model, the daughter of a musician whose prolonged illness causes her much anxiety. To obtain money to pay the physician's bills, she consents to impersonate the frivolous wife of a rich man for six months, in order that the latter may establish a legal residence in Nevada and obtain a divorce to marry a "Count." She meets the husband who falls in love with her and the story is filled with situations that thrill. First showing of this picture at 7 p. m. followed by the Style Show.

Behind the Scenes at the Fashion Fête

AT 8:30 P. M.

**IVAN D. MARTIN'S
NEW YORK MODELS**

THE return of these models to Newark, is distinctly a fashion event that is of more than passing interest. These models, six in number are the only group held intact the year around, and Newark is one of the few cities in the middle west that they will visit before returning to New York. The Martin models, with a grace and skill that is born only in American woman, will present Dame Fashion in all her radiant splendor.

Can the men folks attend? Most certainly! A special and hearty invitation is extended to the men of Newark to witness this style show. It possesses an appeal to the men who pride themselves on their knowledge of women's fashions.

The Style Show proper at 8:30 p. m. will be preceded by a Paramount picture at 7 p. m.—Dorothy Dalton in—"The Mating of Marcella."

AMERICANIZATION CAMPAIGN.

The state of Rhode Island, which with its busy factory life has a heavy proportion of illiteracy, has organized an Americanization campaign that might well serve as a model. Its American citizenship campaign committee, report that after two years' work, one-third of the adult aliens of the state have already applied for naturalization. A card catalog was made out containing the name and address of each alien of voting age.

The effort was made to canvass them all by letters and personal visits. Many public meetings were held, and pamphlets written in five languages were distributed. The people of the state took up the work with a devotion and enthusiasm which assured its success. Only in so far as the native people are willing to put personal effort into such a campaign can it be made a thorough success.

The experience of Rhode Island suggests that any state or town could practically, wipe out illiteracy in a few years of effort, and a great many communities have made up their minds to do so.

Americanization campaigns in many places have achieved only limited success, as a result of failure to reach the alien women. The men are induced to attend classes, while the foreign born wife remains at home and continues in her absorption in old country ideas. Her husband finishes his class work, having made a fair beginning at learning English speech. He needs the help of his family so he can speak English at home and keep his lessons in mind.

But if he must always talk a thorn in his native tongue, he forgets all he has learned, and soon sinks back into his illiteracy. In these days when women will probably soon be voting all over the country, the alien woman needs help quite as much as the man.

SCHOOL TREES.

The American Forestry Association has issued an appeal to every school in the country to plant at least three trees this fall. It will send free tree planting instructions, and suggest an interesting program for a tree-planting observance. School house grounds were formerly apt to be barren places. In cities grass had commonly disappeared, and in some places the playground was paved with brick. A more desolate place could hardly be imagined. No wonder children, who feel the call of out doors beauty as well as grown-ups, found it an unhappy sort of a place. Country school houses might not be so dreary as this, but people did not formerly think it necessary to adorn them much. Tree planted school house grounds will serve several ends. Children will take pride in their school when thus adorned, and different classes will emulate each other to see which can do the most in beautifying it.

If every school house could be made a center of pretty landscape gardening, the idea must spread from the children to the homes. People would want the grounds around other public buildings improved. The unsightly railroad stations and other structures which now serve the public so shabbily would be given a setting of foliage.

Children who acquire this idea of beautification will keep it when they grow up. When they move to a new city laid out street, they won't be con-

tent with treeless land and shrubless soil, but will want a nest of verdure around their homes. This will improve property, make real estate more valuable, and give a town a reputation for improvement spirit. These children would be apt to become more interested in trees, learn how much value they add to waste land, and perhaps do some reforestation if they ever own land. Every school in Newark should respond to a suggestion having such pretty and useful possibilities, and have its tree planting day.

MAINTAINING TRANSPORTATION.

The threat of railroad strikes has seemed so imminent of late, that some communities have been laying plans as to how they should feed themselves if transportation were tied up. Many people living in large cities have been very timorous on this subject, and have felt that an absolute condition of starvation would exist if the railroads stopped.

The authorities of Boston have been studying this matter, and are reported to believe that the people of that city could be fed by motor truck transportation, plus supplies already on hand. In case of a railroad stoppage, Boston is not one of the largest cities, but with its thickly populated suburbs it has 1,500,000 people. If this congested population could be fed without railroads, the thing could be done in any center save possibly New York. Even there the thing could be done by good planning in advance. This is a problem which every center of population should work out, as the emergency may come at the moment when least expected.

But at best such a stoppage would cause great suffering in localities caught unprepared. It would paralyze all business. It would be so great a calamity, that it should never be permitted to occur. The people should take steps to make it impossible.

Complaint heard from many towns that school teachers can't get board. However, the young men in many families in the interest of education will favor taking in the good lookers.

It is claimed that boys as well as girls should be taught to help in the home. They would probably be willing to wipe the dishes for some other fellow's sister.

Perhaps one reason why so many young women are learning to smoke, is so they can go in the smoking car with the men as they do in England.

So far no one has ever been known to have passed a subscription paper to pay for the damages to automobiles that don't have their lamps lighted.

On seeing a drunken man nowadays, many people's moral horror is strongly colored with a desire to know where he got it.

Anyway the criminals are convinced that policemen have an inalienable right to unionize and to strike.

Many people are extremely efficient in planning out ways by which they can avoid doing any work.

IS ANOTHER TANGO DUE?

(Philadelphia Record.)
In spite of the recent action of the dancing masters, convening in New York, who appealed to the heads of the Methodist Episcopal church in this country to look with kindly eyes upon the tango, to make the dance a moral amusement, rumors persist that a new and startling variant of the naughty dances condemned by church members in the immediate past is about to make its debut.

Many of these daring innovations are imported hither from France, and so it would be worth while, perhaps, to inquire particularly into the character of the dance which led Cardinal Andrieu, Archbishop of Bordeaux, to address a letter a few days ago to the clergy and people of his diocese warning them against the new invasion. "It is understood," he says, "that a new and immoral dance, having its origin in some far-off region, has actually been introduced into some of the salons of the city."

The Cardinal declares this new amusement anti-patriotic, as well as immoral, for though France is victorious, she still mourns 1,500,000 of her sons. It will be remembered that the tango was in full swing when the world war broke, and the war killed it. It is too new a dance, akin to it, to distract the world from the serious problems which press, but such an invasion, nevertheless, may be at hand.

FREE SPEECH LIMITATIONS.

(Ohio State Journal.)
Quite naturally those who seek the overthrow of representative government will rally to the support of Emma Goldman, whom the government seeks to deport as an alien undesirable. They have supplied her with Liberty Bonds as deposit to secure her freedom. They have secured counsel, not a difficult thing to do, as the propagandists have lawyers among them or can hire such as will render services, even for those who seek to destroy organized society and overturn representative government.

There will now be heard loud declamations about the right of free speech, the freedom of the individual and the liberty of action. Free speech is not guaranteed under any constitution, when employed to overturn that constitution. Freedom of the individual does not extend to systematic efforts to foment discord and destroy government. There has been too much foolish toleration shown anarchists and enemies of the government. This is a good time to establish a system of deportation of all who advocate violence and destruction of government. It's a good time for some court to stop all the legal horseplay and buncombe seen in other cases. This is a country of law enforcement and laws should be enforced.

TROUBLE CAN WAIT

USE MOVIE IN ROAD CAMPAIGN

Local Chamber of Commerce Will Show Film Here Depicting Need of Better Roads.

One of the most impressive arguments for interest in the good roads movement ever presented to the public will be introduced in this city soon under the auspices of the Good Roads committee of the Chamber of Commerce. This is a motion picture, "The Open Road to a Greater America," a one-reel demand on the public for a greater interest in this important movement.

"The Open Road" is the first motion picture ever dedicated to this movement. It was conceived by Windsor T. White of Cleveland, head of the White Auto company, and was produced by the educational department of the Universal Film Manufacturing company, under the personal supervision of Harry Levey.

The need for a visualized stimulus to arouse the interest of the public had long been appreciated by those men of the country who had headed movements tending to bring about a greater development of highways. Lectures and addresses were all right in their way, but even those have sometimes failed to reach the number of people necessary for big results, and were not sufficiently impressive.

The emphasis of the pictorial appeal was pointed out to those in charge of the movement with the result that a nation-wide motion picture campaign was decided upon. Newark will be given the opportunity of witnessing a motion picture which has been approved by every secretary of state in the United States, the governors of several states, and the executives of every important highway association in the nation. "The Open Road" bears the official sanction of the Highway Transportation committee of the Council of National Defense, which in itself is enough to warrant the attention of every man in the country interested in good roads.

The National Highway Transportation committee was so interested in the possibilities of the motion picture campaign that its executive officers forwarded scenes and pictures which have been absorbed in the film, pressing home the theme which was uppermost in the minds of the picture's sponsors. That of arousing a great public interest in the welfare of the nation.

Among those who offered their sanction of a motion picture campaign in the good roads movement was Austin F. Dement, vice president of the Lincoln Highway association. He said: "The films have been neglected for campaign purposes in the movement for some unexplained reason. There is no doubt but that with this picture a greater impression will be left with the public than if any other medium were used."

"The Open Road" is being shown in the most important theatres in the country. It will be shown in this city under the auspices of the Chamber of Commerce, as the organization, through its good roads committee which has just recently been created, is keenly interested in the good roads movement and feels that residents of this community should be aroused to their need.

DEMOCRATIC TICKET.

For Mayor—Herbert A. Thierion.
For Municipal Judge—Frank A. Bolton.
For President of Council—R. L. Williams.
For Auditor—Bert O. Horton.
For City Solicitor—Henry C. Ashcraft.
For Treasurer—Guy W. Lawver.
For Councilman-at-Large—Peter W. Faust, O. George Hand, Walter D. Welker.
Ward Councilmen—Second ward, Fred Wolverson; Third ward, J. Phil Baker; Fourth ward, Carl Yonke; Fifth ward, W. H. Butler, Jr.; Sixth ward, Charles Spees.

Iceland has been provided with a wireless station that receives daily news bulletins from several European countries.

The Advocate's DEBATING POINT

The only way for a rich man to be healthy is, by exercise and abstinence to live as if he were poor.—Sir W. Temple.

Hard to Shake.
"I can't shake Harold," Mabel said, "though I have tried with all my might."
"I'm not surprised," said Uncle Ned, "for I've observed he's very tight."

Retrenchment Inevitable.
Aunt Caline says—Eb Snoots has been having the rooming perfectly off in having to do some weeks being that whole he couldn't walk. So last night I were a good deal surprised to see him walk in here, though he limped verry bad. So I says, "I'm offle glad to see you out again, Eb." I says, "Feelin' pretty perky?" says I. "Well," Caline, "I feel none too good," says he. "Old Doc has went an' put me on a diet," he says. "He told me I et too much an' that I'd have to cut down, so I thought mebbe he was kind o' old-fashioned an' I'd have a doctor come down from Newark an' look me over. But hand sakes he told me about the same thing as what Doc had an' jest as he were a-startin' to go he says, 'Well, Snoots,' he says, 'you will simple have to give up eatin' meat.' he says. An' I got his bill yesterday, Caline, an' I guess he's rite," says he.

No Relief In Sight.
There are some nuisances that we have been hoping the townships would prohibit, but we suppose that about the last thing they'll get around to will be the speech makers.

Nerve-Rattling Nerves.
An American preacher is telling congregations in London that the nerves of the world are now on strike. Let's

lock them out—we can get on much better without 'em.—Cleveland Plain Dealer.

We haven't noticed any appreciable difference in the general hushiness of the nerve of the world.

Be Keerful!
With girls you should not get too free. You'll find my words are true; Tell her she is a bird and she will want to fly with you. —Luke McLuke.

This admonition is quite true, slack and well-a-day. Beware, or for her feathers you will some day have to pay.

Did You Know
That eminent domain is the power of a government to resume or appropriate to public uses the private property of individuals within its jurisdiction? It differs from the power of taxation, which is apportioned by rule. It may be exercised in the United States by the general or State governments, or the power may be delegated to a municipal body or private corporation. The right is restricted to taking of property for public use only, and the Constitution provides that it shall not be so taken by the Federal government without just compensation.

Silly!
"I think from what I know, my friend, of that crown prince," said Rylands, "the authorities should send him to the South Islands."

If I had that prize quince, you know, I'd fit him out, friend Rylands, with one small boat and make him row clear to the Fiji Islands.

But pshaw, those natives crude and rough. Would never care to meet him. In fact, he'd be so stale and tough, They'd never dare to eat him.

As that's the last old spot of sin I think he'll have to burrow in. The ground, and work his way below. —I. G.

SCARF SET OF RED DUVETYN FOR FALL

The scarf has undisputed right to first place this year in the line of accessories. The woolen ones of huge proportions are the most popular just now, but for wear later in the season duvetyne will probably take first place. This smart set of scarf and cap to match is made of a rich shade of red duvetyne embroidered in brilliant autumn shades.

25 Years Ago

(From Advocate, Oct. 1, 1894.)
Six hundred bushels of wheat and 100 bushels of oats were burned in a fire this morning on the farm of R. Scheidler.

The thermometer registered 70 degrees at noon today.
George Cross, the B. and O. yard master, left for Pittsburgh today.
The Ladies' Relief corps will serve lunch all week at the fair grounds.

FIFTEEN YEARS AGO TODAY.
(From Advocate, Oct. 1, 1904.)
Mr. and Mrs. Jesse H. Bowers announce the birth of a son.
W. P. Flowers of Madison township sold a head of cabbage that weighed 6 1/2 pounds.
The Newark Telephone company is extending a side line from the Newark and Mt. Vernon road to the Welsh Hills, three miles north of the city.
Miss Julia McCune, left for New York last night where she will study art.
The first meeting of the Photosean club for the year 1904 was held at the home of Miss Viva Jones.

TO VISIT NEWARK

Dr. Mahon, whose announcement appears in our columns this week, will make monthly visits to Newark throughout the coming year. Dr. Mahon is a well known and successful practitioner in chronic diseases and is the physician whose large practice in chronic diseases in western Ohio attracted wide spread attention in that region for many years. Dr. Mahon will be at the Warden hotel, Friday, Oct. 3, and once a month thereafter throughout the year. Office hours, 10:30 to 12 m., 1 to 5 p.m., 7 to 9 evenings. Consultation free. 10-1-11

Deposits of niobium ore that have been discovered in southern Peru are said to be the largest in the world.

QUALITY

CLOTHES ARE A POWERFUL factor in gaining favorable impression for a man and favorable impressions are a great advantage to all men.

DISTINCTIVE clothes are the sort that are neither too loud nor too characterless. They are rich in textures, precise in tailoring, correct in style, trim in fit, refined in patterning.

WE can show you distinctive smart suits here more readily than we can define them.

We are at your service.

THE MARKETS

Cleveland Produce.
Cleveland, Oct. 1.—Butter: creamery in tubs, extra, 65 1/2 to 67c; extra firsts, 65 1/2 to 66c; firsts, 65 to 66 1/2c; seconds, 60 to 61c.
Poultry: live fowls, 30c; heavy grades, 31 to 32c; springers, 30c; heavy grades, 31 to 32c; ducks, 30 to 31c.
Potatoes: New Jersey giants, \$3.50 to 3.75; Michigan round white, \$4.25 to \$4.75; Sweet potatoes, Virginia, \$3.50 to \$3.55 per stove barrel; New Jersey, \$3.50 to 1.65 per bushel.

Wall Street.
New York, Oct. 1.—Stocks were active and strong at the opening of today's session, the buying movement embracing an unusual variety of issues. The most conspicuous feature was United States Stores of which one block of 9,000 shares changed hands at a maximum gain of 6 points. Another noteworthy feature was Worthington Pump, 3,500 shares being taken at an advance of nearly 7 points. Crucible Steel was inclined to react at the outset but immediately reversed its course, rising 9 points to a new high of 255. Among other steels, also equipments, shippings, oils and motors, gains of 2 to 5 points were made in the first half hour.

The early rise which resulted from what Wall Street considers better strike news and easier money tendencies, induced extensive profit taking. Reactions of 2 to 4 points set in among steels, equipments, oils, motors and tobaccos. The only prominent issue to increase its initial gain was Atlantic Gulf which made an extreme advance of 9 points. United States Stores followed its one point gain and crucible fluctuated midway between the high and low. Impressive buying to investment and speculation rails led the irregular rally of the second hour.

Pittsburgh Live Stock.
Pittsburgh, Oct. 1.—Hogs: receipts 1,000; steady. Heaves \$17@17.25; Heavy Yorkers, \$17.50@17.75; light Yorkers, \$16.55@17; pigs \$16@16.50. Sheep and lambs: receipts 500; steady. Top sheep \$16.50, top lambs, \$16. Cattle: receipts 100; steady. Top, \$22.50.

Cincinnati Live Stock.
Cincinnati, Oct. 1.—Hogs: receipts 4700; week higher, selected heavy shippers \$17.25@17.50; good to choice packers and butchers 17.00, medium \$15.00@17.00.

Cattle: receipts 1300; week, shippers \$11.00@12.25; butcher steers extra \$11.50@12.50; good to choice \$10.50@11.50; common \$9.50@10.50. Calves steady; extra \$21.00@21.50; fair to good \$14.00@21.00; common and large \$7.00@13.00. Sheep: receipts \$7.00 steady; good to choice \$8.25@8.50; extra \$9.00@9.50; 6.25; common \$1.00@4.00; lambs steady; good to choice \$14.00@14.25; fair to good \$12.00@14.00; common to fair \$7.00@12.00.

Chicago Grain Review.
Chicago, Oct. 1.—Rains which threatened to interfere with the curing of the new crop and to delay the movement from first hands had a tendency today to lift the corn market. Opening prices, which ranged from the same as yesterday's finish to 1-8 cent off, were followed by a little further sag and then by moderate gains all around.

Some demand from the seaboard helped to strengthen the oats market. After opening unchanged to 1-8 cent lower, including December at 69 5/8-8 to 70 prices scored a fair advance.

Lower quotations on hogs weakened provisions. Support was lacking.

Toledo Grain Closing.
Toledo, Oct. 1.—Oats: 1-48; Oats cash old 76 new 74 1/2. Barley cash 1-40, Rye number 2 cash 1-43, Cloverseed prime cash and Oct. 30.00; December 29.75; Jan. 29.80; February 29.85; March 29.90.

The Sea.
Shakespeare tells us there is a tide in the affairs of men. Certainly there is a tide in the minds of men. He must be very unobservant of himself who does not know that the mind rises and falls, that it swells into fullness and strength and then fades into emotions and weakness. We know not how, we know not why.—Theophilus Parsons.

Spasmodic Sermon.
Next to the woman who will slap a baby, the most disgusting creature is the one who will talk baby talk to a dog.—Indianapolis Star.

NATURAL GAS
at \$2.40 per thousand is equivalent to Coal Oil at 15c per gal.

—U. S. Fuel Administration.

Centipede a Fly Killer.
The centipede is found pretty much all over the world. The species common in the United States Scutigero forelegs, was reported over twenty years ago as devoting the nights to killing house flies. Later an observer detected one in the act of capturing a butterfly much larger than itself. The insect remains concealed during the day under doorsteps or window frames, or in any crevice sufficiently large to hide its numerous appendages.

Something to Think About.
"I reckon," said Uncle Eben, "dat a candidate has to be right keeful not to let de handshakin' sociability git to be so much of a habit dat it interferes wif his office work when he gits de job."

Floor Bleach.
If an unfilled or undressed hardwood floor becomes gray apply a solution of two ounces of oxalic acid dissolved in just enough water to wet it well all over. Let stand fifteen or twenty minutes; then rinse in cold water and proceed to wash without suds as usual.

Hadn't Fooled Helen.
Mother could not take Helen with her when she went downtown and was trying to slip away without her knowing it, so father called Helen to come to him, when she said, "I has to watch mudder, 'cause she's tryin' to run away."

Excels the Nightingale.
The hermit thrush is declared to be the most talented and brilliant singer in the world, not even excepting the nightingale, says the American Forestry association. The tail of this little bird is of a reddish brown, much brighter than the back and head, while the breast is quite heavily spotted with black. It winters in the Gulf states.

Deadly Enemy of Mosquito.
The so-called "water doe" of the Pacific coast of the United States is a new five to eight inches long. Though quite immune to natural enemies itself, it destroys all mosquitoes within its range, and in the experiments of Prof. A. C. Chandler, of the Oregon Agricultural college, a single individual may devour 200 mosquito larvae in 4 hours, besides killing as many more. This harmless creature may be placed in pools and streams where no fishes could exist.

Forbearers of the Seal.
It is a curious fact that the fur seal was once a land animal. The baby seals are actually afraid of water; they would drown if thrown into it, and have to learn to swim by repeated efforts. When once they have been taught to swim, however, they soon forget to walk.

Jolly Little Chipmunk.
The place the chipmunk fills is small and inconspicuous but his sylvan "chipmunk" plays a minor strain in the wordless diapason which the mighty blue soul of nature is forever singing in her forests; solemn and consoling to heal earth's scars; jubilant and glad for the free of heart. Intoning ever some clear sweet note of mystic melody for those who listen, to awaken a dreaming bliss or to thrill an untired fiber into quivering life.

Water and the Human Body.
The specific gravity of water and the human body is virtually the same. A body in the water is supported by equal pressure at all points. It is more likely to be at ease than under other circumstances. It is, therefore, more likely that it may move without pain. So cripples are often given their exercise in the water.

Prison His Safety.
When the West Indian city of St. Pierre was destroyed by the eruption of Mont Pelée some years ago all its inhabitants except one lost their lives. The sole survivor was a prisoner in an underground dungeon.

Satisfaction in Doing Right.
Imagination is the father and mother of trouble when we let it run loose in a time of stress. But in the end the will and the heart are what determine our fate. After all, when we do right we have some satisfaction even if we suffer. But if we do nothing but drift along we have not even the satisfaction of knowing we deserve to come out right.

Life's Little Peevish.
Life is just one thing after another, but chiefly it is getting up to do something you have forgotten after being comfortably settled in your chair for work or reading.

DIFFERENCE OF TEMPERMENT CAUSE GIVEN BY SOCIETY LEADER IN SEEKING DIVORCE

Mrs. Louise Cromwell Brooks and her two children.

Mrs. Louise Cromwell Brooks has gone to France to bring suit for divorce against Captain Walter B. Brooks Jr. "Difference of temperament" is the cause of the matrimonial break, their friends say. Mrs. Brooks is the daughter of Mrs. E. T. Stotesbury of Philadelphia and is very popular in society.

GAS DEMAND IS MUCH GREATER THAN SUPPLY SAYS MGR.

A statement emanating from Malcolm Jennings, Secretary of The Ohio Manufacturers Association, was sent broadcast last Friday purporting to show that Ohio's natural gas supply was in no danger of exhaustion for the next twenty years, and Mr. S. S. Wyer, late Chief of Conservation of the United States Fuel Administration, was quoted as authority. According to the gas company, this statement, looking in detail, wholly misrepresents Mr. Wyer's true attitude and hereby it becomes a direct contravention of truth and facts. Mr. Wyer's opinions on natural gas supply and its conservation are matters of published record, and when his attention was called to the matter he issued the following signed statement and referred to his former utterances on the subject and presented a number of new bulletins, to which we will make more extended reference later. Mr. Wyer says:

"The demands for natural gas are now greater than the available supply. The annual average delivering capacities of West Virginia natural gas wells in 1906 was 65 million cubic feet, and this has declined to 32 million cubic feet. That is, the average delivering capacity has been halved."

"When the present natural gas supplies are exhausted, natural gas consumers must go back to the more expensive and at the same time inferior manufactured gas. The West Virginia natural gas is worth 100 per cent more than any manufactured gas that can be made. The public will be greatly benefited if the present residue supplies of natural gas can be made to last for a number of years, because even if natural gas sold at the same price as manufactured gas the consumer is still getting 100 per cent more for his money. The average price of manufactured gas is not less than \$1.25 per 'M.' Natural gas would, therefore, be no more expensive at \$2.50 per 'M.'"

"As far as the Ohio natural gas situation is concerned, it is either a matter of immediately very greatly curtailing the consumption and getting an adequate price for the gas, or for the larger towns to go back to manufactured gas in the very near future. In the smaller towns it will not be feasible to operate manufactured gas plants, and, hence, many of these will not then be able to secure any gas service. A frank facing of the present problem in all its seriousness is, therefore, of the greatest interest to the public and to the companies as well."

"The peak load characteristics of house-heating service make this service more expensive. The new 'sliding scale upward' rate schedule makes the consumers that are responsible for the increased cost of peak service pay for the higher priced service they are receiving. At the same time it keeps down the price to the large mass of consumers who are only small users."

Our Boys and Girls

Have the bedroom in which your child or children are to sleep, bright and sunny. Give each child a separate bed to sleep in. Have the sleeping room cool and without drafts. See that the clothing of the little sleeper is loose at the neck and arms and keep its head uncovered. See that there is plenty of circulating fresh air.

Through the pores of the skin the body is continually throwing off poisonous vapors. So, if the head is under cover, the child is breathing bad air. The night clothes should never be starched and should be soft around the neck. Half the time when a young child or baby cries, it is for want of fresh air or fresh water. Wiping the lips of a crying baby with cool water will often soothe and refresh it.

Before putting a baby to bed, or a young child, always give it a sponge bath; the water to be not more than ninety six degrees Fahrenheit. Pat the flesh, dry gently with a soft towel and then use a little powder to keep the skin from chafing. Never allow a child to sleep on anything but quite a tiny pillow and no pillow at all is better.

An Imperial Institute of Patentees will be organized in England to guard the interest of patentees and patent owners.

Nations can not afford to leave vital problems to the haphazard methods of physical force.—Gardner Murphy.

Milady's Boudoir

Water for the Complexion.

The beautiful complexion of the high class Japanese woman is greatly aided by the use of hot cleansing cloths which she uses after having been out in the dust and dirt of the outdoors. Every American woman should take a hint from their oriental sisters and use the convenient American bathroom for a daily steaming process.

Run a small quantity of hot water into the stationary basin. Then take a large cloth or a small soft towel. Make it into a pad by rolling, dip it in the water, which is hot but not scalding, and then, after pressing the water out of it slightly, hold it to the face for about two minutes.

Repeat the process three times and then proceed to rinse the face vigorously with cold water for about five minutes, so that the pores will not become enlarged from the steaming. This should be done preferably before retiring.

Never fail to put cold cream on the face after the cold water douche. If done at bedtime the cream need not be washed off, but if the steaming and cold water dash are used just before going out, the cream may be wiped off gently from the surface of the skin with a soft handkerchief and powder applied.

If your complexion is off color, this steaming and cold water bath will brighten it up beautifully. Be sure and do not forget the cream if the weather is at all cool.

Every Day Etiquette

"If I receive a call for the first time from a new acquaintance, a lady, and wish to keep up the acquaintance, how soon should I return her call?" questioned Mary.

"A first call should be returned within a week," replied her Aunt Mary.

AND ONCE A MONTH THEREAFTER

L. T. MAHON, M.D.

is a graduate of Rush Medical College, Chicago, one of the best known institutions in the United States.

He treats Acute and Chronic Catarrh, Ringing in Ears, Dizziness, Weak Eyes, Granulated Lids, Discharging Diseases of the Eye and Ear.

Nervous Diseases

Rheumatism, Neuralgia, Headaches, Eczema and all Skin Diseases given special attention.

Chronic Diseases

of the Lungs, Heart, Stomach, Liver, Bowels, Bladder, such as Bronchitis, Shortness of Breath, Palpitation, Dyspepsia, Gastritis, Loss of Appetite, Sour Stomach, Constipation, Ulceration, treated in the most scientific manner.

Hemorrhoids, Piles, treated without the knife and no detention from business.

Young, Middle-aged or old Men suffering from Debility, Nervousness and Exhaustion.

Epilepsy of Fits

Treated by best methods.

Diseases of Women

treated in the most satisfactory manner. Our home treatment as pleasant to use and gives good results.

The doctor carries all his portable instruments and comes prepared to examine the most obscure cases. Those who apply for treatment should bring along a small bottle of urine for examination as it will assist in the diagnosis. References gladly furnished on application. Correspondence solicited and symptom blank furnished on application. Address:

DR. L. T. MAHON,
2416 Monroe St.,
TOLEDO, Ohio.

His Evening Hours

The large number availing themselves of his evening hours from 7 to 9 has caused Dr. Mahon to make this a permanent feature of his day's work. So persons may call from 7 to 9 in the evening, as well as at other times of the day.

Has No Substitute

A well known writer said "Experience has no substitute." This is well said and applies to Dr. Mahon's many years' experience in the treatment of chronic diseases. During his long period there is scarcely a phase of human disability that has not come under Dr. Mahon's observation. Add to this his ability to read and study his profession in English, French and German and he is certainly worthy of your confidence.

Dr. Mahon's Success at Mansfield.

Dr. Mahon's last visit convinced him of the utter futility of trying to get through with his work here in one day. He will therefore be at Mansfield two days on each visit. No better evidence is needed of Dr. Mahon's great success here than he thus finds it necessary to increase the time he remains.—The Shickel, Mansfield, O.

AMUSEMENTS

AUDITORIUM
"Sleeping Partners."
One of the most delightful theatrical offerings of the present season is promised at the Auditorium this evening when Edna Goodrich will personally appear in "Sleeping Partners." Gaudin of Eden episode in three acts, which has achieved remarkable success in Paris, London and New York and which is now on tour with but a single company and with the original production as seen during its phenomenal run at

Scene from "Sleeping Partners."

the Biou theatre in New York. Miss Goodrich is supported by an excellent company of players which includes Harry Hollingsworth, M. Tello Webb, Oliver Hall and Charles Peyton.

"The Mating of Marcella."
The story of "The Mating of Marcella" the new Paramount photoplay starring Dorothy Dalton is as unique as it is dramatic and appealing. Marcella is a pretty, refined, American girl, who, by reason of her father's continued illness and inability to ply his vocation, that of a musician, is living in straitened circumstances. Pedro Escobar, a man not to her liking, pursues her with his attentions, but she prefers to work as a model for the support of herself and father, rather than marry him. While serving as a model in a modest shop, Marcella meets Les Underwood, a show girl who has married Robert Underwood, a rich man for his money. She has a child, Dobbie. One day Underwood inquires Marcella while driving his motor car and he takes her to her home. Underwood is greatly attracted by Marcella's beauty, and he shows his growing dislike for his frivolous wife. Marcella's father needs the services of a specialist for the cure of his ailment and to obtain money, Marcella agrees to a plan of Mrs. Underwood to live in the west for a time under the assumed name of Mrs. Underwood. While the latter goes on a yachting voyage with Count Louis Le Favi, with the ultimate purpose of obtaining a divorce from her husband, the "Mating of Marcella" will be displayed at the Auditorium theatre next Thursday and Friday.

"The Bride Shop."
Lovers of all that is the best in musical comedy have a treat in store for their amusement at the Auditorium theatre on Saturday next when George Chooos will present for the first time in this city, his magnificent production of "The Bride Shop" the book of which

FRANCES ALLISON

With "The Bride Shop," at the Auditorium Saturday Afternoon and Evening

was written by Fred De Gresac author of "The Purple Road," "The Enchantress," "Flo-Flo" and several other well known musical successes, with lyrics and music by Earl MacBoyle and Walter L. Rosemont.

While written in a satirical vein, the story has its moral to all ambitious mothers, and in the working out, introduces a number of funny complications and surprises. The dialogue is bright, containing many witty lines and repartee, the most rapid fire order.

The play has been given a most gorgeous dress both scenically and from a costume standpoint. Mr. Chooos has secured the services of the most talented and experienced designers for new creations and the gowns worn by twelve of the hand-picked models here and elsewhere represent the designs and colorings of Worth, Redfern, Gordon, Ames, Francis, Dugan, The Grange Manufacturing company and Wannamaker.

The case is one of the most evenly balanced seen in musical comedy including Edna Vost, Jack C. Clair, John Sullivan, James Carno, Edith Benjar, Nan Hopewell, Ina C. Mitchell, Sally Hunt, Frances Allison, Mariel Thomas and a chorus of sprightly girls who are both capable singers and dancers, and good to look at. The sale

of seats opens Thursday for both afternoon and evening.

"Scandal."
Manager Penberg announces for his Auditorium next week, the engagement of "Scandal" the sensation hit now of both Chicago and New York. It is by Cosmo Hamilton and is said to be the most daring and brilliant play ever seen on the American stage. It is seen October 8th.

ALHAMBRA
"The Splendid Sin."
The Alhambra today and tomorrow offers a clever William Fox Photoplay in "The Splendid Sin" in which Madeline Dravere is seen as the star and in the role of Lady Marion Chatham, of Chatham Manor, England, the American wife of Sir Charles Chatham, is most happy in the love of her husband, yet both are unhappy in their childlessness. But the lack of a Chatham child is the secret of joy of old Davaugh Lady St. Aubrey, who covets the estate for her insipid son, who will be the Chatham heir should Sir Charles die without issue.

Proud of her husband's brilliant record in public life, Lady Marion speeds him on his way to fill a diplomatic mission in Egypt, just as she welcomes to their home Stephen Hartley, an American diplomatic agent secretly affianced to Gertrude, sixteen year old sister of Sir Charles.

Marion's recognition of Hartley as a childhood "sweetheart" and her cordiality to him for Gertrude's sake, sets the cattish old dowager to whispering suspicion to the departing Sir Charles. On a horseback ride during a storm, Gertrude and Hartley seek refuge in a deserted tower, where the girl, frightened by the lightning, flies to her lover's arms. When, after several hours, they return to the Manor, Hartley is met by a messenger summoning him, without a moment's delay, for an important diplomatic mission to Moscow. In vain he pleads for a brief respite in order to make Gertrude his wife.

From Gertrude's tears Marion guesses the girl's secret and follows Hartley to London to urge him the importance of immediate marriage with Gertrude. Spanuth's original Vod-a-Vil is also seen.

"One of the Finest"
"One of the Finest" is Tom Moore's new Goldwyn picture which comes to the Alhambra Theatre beginning Friday. Not only does it afford any number of delightful surprises in the way of startling complications and unexpected thrills, but it shows the likable star in a decidedly new guise. He is Larry Hayes, a mounted policeman, monarch of all he surveys in the fashionable park comprising his beat. He makes his first mistake in the performance of his duty when he overlooks a speeding limousine and reminds its beautiful occupant, Frances Hudson (Seena Owen), that her chauffeur is exceeding the limit. The society girl resents his remark and is angered by his firm, though laughing, rejoinder to her reply. So she sets about to have her father cause Larry Hayes' dismissal. Instead of this, however, he is reduced to the rank of plain clothes man—but not before Frances Hudson has been saved by him when her life is in peril.

GRAND
"Harold Lockwood."
Harold Lockwood in his exceptional, by pleasing picture of "The Great Romance" caused immense interest among the large crowds at the Grand yesterday afternoon. The theatre was filled with people for the first time in this city, his magnificent production running from one o'clock until the close of the theatre last night. The

INDIGESTION GOES, GONE!

"Pape's Diapepsin" at once fixes Your Sour, Gassy, Acid Stomach

Stomach acidity causes indigestion! Food souring, gas, distress. Wonder what upset your stomach? Well, don't bother! The moment you eat a tablet or two of Pape's Diapepsin all the lumps of indigestion pain, the sourness, heartburn and belching of gases, due to acidity, vanish—truly wonderful! Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once—no waiting! Buy a box of Pape's Diapepsin now! Don't stay miserable! Try to regulate your stomach so you can eat favorite foods without causing distress. The cost is so little. The benefits so great.—Adv.

theatre tomorrow with Maxine Elliott, noted beauty and stage favorite, making her debut as a star for Goldwyn.

NEWARK MAN ABLE TO WORK FIRST TIME IN MONTHS

Had to Lie With Head Propped Up All the Time; Felt Weak and Nervous.

DRECO GAVE RELIEF.

Claims the New Medicine Has Made a Big Improvement in Him.

"Yesterday was the first time I have been able to do a lot of work in months, and I give the credit to Dreco, the new medicine," declared Mr. Dawson Long of 14 Western avenue, Newark, O., in a signed statement.

"I was weak and nervous, had no energy nor strength to do a thing; my bowels were bound up, liver sluggish and my stomach seemed unable to get any strength from the food I ate. Whenever I'd lie down I would have to have my head propped up, as I couldn't stand to feel like the blood was rushing to my head."

"I went down and talked to the Dreco man about the new medicine, and got a bottle. It started my bowels to moving and eased my stomach. In a few days I was feeling so much better, and I kept on taking Dreco, it is wonderful what it has done for me; I feel like a new man. My liver is active again, no more dizzy spells; food digests and strengthens me; in fact, I feel that I am on the road to recovery and expect to keep on taking Dreco, for it's great medicine."

It is highly important for the bowels to keep active; that the kidneys do not become deranged; that the liver supplies the proper secretions to the stomach, so that digestion may be perfect. Dreco, the natural herb medicine, acts on these vital organs, toning them so that they perform their duties as Nature intended they should.

All good druggists now sell Dreco, and it is highly recommended in Newark by Evans' Cut Rate Drug Store.—Adv.

MAKES APPEAL FOR MEN TO LEAD BOY SCOUTS IN WORK IN NEWARK

In an appeal for leaders in Boy Scout work, the local headquarters has issued the following:

Fathers, how many of you know your sons? Do they take you into their confidence? Do you tell them the right and wrong of life, or do you let them find it out from others when it is too late?

An ideal way to teach your boy and other boys is presented to you in Scouting.

You generally hear that Scout work keeps the boys out of mischief. True, but it does much more. They learn some things not taught in school, church, or home. The scoutmaster has chosen the old Adage, "boys will be boys," to "be a boy" and many a manly boy has been the outcome of Scouting. Then games are out of doors and so planned that the weakest boy can participate.

Scouting is positive not negative, as you will note by their law, which reads: "A Scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent."

Think what it means to our country when our boys are taught these things in such a forceful way, for it is to tell them that they are taught in their own natural element. All these boys endeavor to live up to their oath. They state that upon their honor, they will do their best to do their duty to God, and their country, to obey the Scout law, and to help other people in all times to keep themselves physically strong, mentally awake and mentally straight.

Every boy who is 12 or over, is en-

titled to the privileges and benefits of Scouting. This can only be assured by the enrollment of a sufficient number of adult leaders. Will the men of Newark fall down on the job?

Think of it, 2500 boys of scout age in Newark are waiting for an opportunity for service to your community, your country, and your boy.

How can you get into this activity? By signing the application blank below. Give it to Boy Scout or mail it to Scout headquarters room, 410 Newark Trust building. This application entitles you as a member of the Scout Leadership Corps and also as a member of the Scout Leaders' Training course which will be open within the next 30 days.

Come on fathers, get into the game. Teach your boys. Go back to your own boyhood days. Help to better the community, and enjoy yourself immensely at the same time.

Fill out the application and get it to Scout headquarters now.

I wish to enroll for service to my country as a Boy Scout Leader in whatever capacity I can be best utilized in the conservation of boyhood, and its use in National Service and Citizenship training. I approve of the ideals upon which the organization is based and pledge myself to lead the boys entrusted to my care in living up to those ideals.

NEGRO SMOKED OUT OF HIS HIDING PLACE

Mr. Holly, N. J., Oct. 1.—The negro for whom 500 armed men had been searching woods and swamp lands surrounding Hancock Creek on a charge that he had killed Mrs. Mary Noyes of Merchantville, was captured last night by Detective Ellis Parker after the torch had been set to the dry bushes in the swamp. The fugitive was literally smoked out of his hiding place.

The negro whose name was given as James Whiting, aged 23, was in a state bordering on collapse from sheer terror because for 27 hours while the men hunt was on had been without food.

All other means of finding the negro in the deep swamp having failed Sheriff Engel Haines who directed the search last night, ordered the swamp set afire and soon a heavy smudge of smoke was rolling over the water and bog. Men were stationed at every avenue.

Half choked by the smoke, Whiting crept to the swamp's edge and was captured.

AFTER TWO YEARS FRANK METTS IS OF SAME OPINION

Stands by His Original Praise of Nerv-Worth—"Best Tonic I Ever Took"

Two years ago this well known Salineville, O. farmer, endorsed Nerv-Worth in writing. He was recently asked if the passage of time had changed his estimate of Nerv-Worth and this is his reply.

"Nerv-Worth—Two years ago I was so poorly with my nerves I couldn't sleep nor sit still. I would get light-headed. I was not safe to be out with a horse. A friend of mine told me of Nerv-Worth. I took one bottle. I could work and sleep. The time I took three bottles I could go any place with a horse or climb to the top of our wind pump derrick. It is 10 feet high. Our barn all over an iron roof on. I can fasten to the comb to hold to. I feel better now than I have for ten years. I keep a bottle of Nerv-Worth in the home to take if my stomach feels unsettled. I recommend Nerv-Worth—the best tonic I ever took."

NOTICE.

On September 16, 1919, in the Common Pleas Court of Licking County, Ohio, Mary Wise filed her petition against Charles P. Wise for divorce on grounds of three years' wilful absence and neglect of duty. Said case will be for trial on or after six weeks from September 17, 1919.

MARY WISE, By Phil D. Smythe her Attorney.

RECEIVER'S NOTICE OF SALE.

Pursuant to an order of the Common Pleas Court of Licking County, Ohio, made on the 10th day of August, 1919, in case No. 19445, Paul O. Rejmann vs. The Jewett Car Company, et al., the undersigned will offer for sale at public auction, at the south door (around) of the court house in Newark, Ohio, on the 11th day of October, 1919, at 10:30 o'clock A. M., the following described real estate and personal property of The Jewett Car Company.

Situated in the State of Ohio, in the County of Licking and in the City of Newark, and bounded and described as follows:

First Parcel: Beginning at the southeast corner of the lot owned by Jonas C. Mahom's Addition to the town of Lockport, now part of said City of Newark, thence north on the west margin of Williams Street two hundred and forty-two (242) feet, the south end of a lot owned by James D. Van Atta, thence west on Van Atta's south line one hundred and fifty-four (154) feet to a stake, thence north on a line parallel with Williams Street to the south margin of Cambria Street, thence south a point twenty-seven (27) feet west of the east line of lot "V" in Mahom's Addition, thence south on the east line of said lot "V" to the railroad; thence east on the north line of the railroad to the place of beginning, and being the same premises owned by James D. Van Atta, Wyeth, William M. McCully and William H. Davis, by deed recorded in Vol. 164, page 110, by Emily Quirk, by deed recorded in Vol. 164, page 112, by Lida C.

THE ST. RED CROWN OIL CO.
RED CROWN GASOLINE Polarine

Ready to Carry On

A tankful of Red Crown Gasoline makes the car fairly radiate power. It's because Red Crown is clean, hungry gas whose only function is to propel—to make, most mileage. Does it without leaving carbon to cripple engine action and hasten repairs. Costs no more but does more. Uniform everywhere you get it.

Polarine lubricates as well as Red Crown propels—keeps gas non-slipping past piston rings and cylinder walls—drives it all to rear wheels as driving power. Practically non-carbonizing.

Polarine Cup Greases and Transmission Lubricants are best for bearings.

All at the Red Crown Sign—Service Stations and Garages.

Grandstaff and husband by deed recorded in Vol. 164, page 112, by William M. Thomas, Guardian, by deed recorded in Vol. 164, page 115, by Clara E. Buehler and husband, by deed recorded in Vol. 164, page 117, by William C. Wells and wife, by deed recorded in Vol. 164, page 118, and by Charles M. Wells and wife, by deed recorded in Vol. 165, page 20, each of said deeds being recorded in the recorder's office of Licking County, Ohio, and the same premises described in a quit claim deed from William C. McCully and wife to Augustus G. Wyeth, recorded in Vol. 165, page 27, of said records, with the exception that the line along James D. Van Atta's is described in the McCully deed to Augustus G. Wyeth as 140 feet. Except a strip of ground seven feet by one hundred and fifty-eight (158) feet, sold by The Jewett Car Company to C. E. DeCrown, et al., by deed recorded in Vol. 176, page 493, of said records of Licking County, Ohio.

Second Parcel: Being a part of outlot "V" in William C. Mahom's Addition to Lockport, commencing at a point in the west line of Williams Street, 55 feet south of the south line of Cambria Street; thence west parallel with Cambria Street, 140 feet, thence south 55 feet, thence east 140 feet to the west line of Williams Street, thence north 50 feet to the place of beginning.

Third Parcel: Being a part of outlot "V" in William C. Mahom's Addition to Lockport, commencing at a point at the south side of Cambria Street, where it intersects the west line of Williams Street; thence running west on the south side of Cambria Street, 140 feet to an alley; thence south along the east line of said alley, 55 feet, thence east on a line parallel with Cambria Street, 140 feet, thence north 55 feet to the place of beginning.

Fourth Parcel: All the right, title and interest to a fourteen foot strip adjoining the property devised by Jonas C. Mahom to Clara E. Buehler, afterwards Clara E. Buehler, as will appear by records of wills, Vol. 14, page 195, conveyed to The Jewett Car Company by deed of the Board of Trade, by deed dated May 20, 1907, and recorded in Vol. 202, page 380, Licking County, Ohio, deed records, and by Jesse Van Atta, by deed dated March 13, 1907, and recorded in Vol. 202, page 168, of said records of deeds. Being the same premises conveyed to The Newark Board of Trade by John W. Wells and wife, by deed dated March 13, 1907, and recorded in Vol. 202, page 168, of said records of deeds. Being the same premises.

Fifth Parcel: Commencing at a point in the east line of DeCrown Avenue in said City, 144 feet north of the intersection of the east line of DeCrown Avenue with the north line of Green Lawn Avenue; thence along the south line of a certain fourteen foot alley eastward to the west line of a certain five acre tract of land sold by Augustus G. Wyeth and wife and William H. Davis and wife to The Jewett Car Company, by deed dated the 25th day of November, 1899, and recorded in Vol. 171 of deeds, page 486, in the recorder's office of said county, thence south along the west line of said five acre tract to the right of way of the Central Ohio Railway Company; thence in a southerly westerly direction along the north line of said right of way to the east line of DeCrown Avenue, a full list of which is described in a quit claim deed from William C. McCully and wife to Augustus G. Wyeth, recorded in Vol. 165, page 20, of said records, with the exception that the line along James D. Van Atta's is described in the McCully deed to Augustus G. Wyeth as 140 feet. Except a strip of ground seven feet by one hundred and fifty-eight (158) feet, sold by The Jewett Car Company to C. E. DeCrown, et al., by deed recorded in Vol. 176, page 493, of said records of Licking County, Ohio.

Second Parcel: Being a part of outlot "V" in William C. Mahom's Addition to Lockport, commencing at a point in the west line of Williams Street, 55 feet south of the south line of Cambria Street; thence west parallel with Cambria Street, 140 feet, thence south 55 feet, thence east 140 feet to the west line of Williams Street, thence north 50 feet to the place of beginning.

Third Parcel: Being a part of outlot "V" in William C. Mahom's Addition to Lockport, commencing at a point at the south side of Cambria Street, where it intersects the west line of Williams Street; thence running west on the south side of Cambria Street, 140 feet to an alley; thence south along the east line of said alley, 55 feet, thence east on a line parallel with Cambria Street, 140 feet, thence north 55 feet to the place of beginning.

Fourth Parcel: All the right, title and interest to a fourteen foot strip adjoining the property devised by Jonas C. Mahom to Clara E. Buehler, afterwards Clara E. Buehler, as will appear by records of wills, Vol. 14, page 195, conveyed to The Jewett Car Company by deed of the Board of Trade, by deed dated May 20, 1907, and recorded in Vol. 202, page 380, Licking County, Ohio, deed records, and by Jesse Van Atta, by deed dated March 13, 1907, and recorded in Vol. 202, page 168, of said records of deeds. Being the same premises conveyed to The Newark Board of Trade by John W. Wells and wife, by deed dated March 13, 1907, and recorded in Vol. 202, page 168, of said records of deeds. Being the same premises.

Fifth Parcel: Commencing at a point in the east line of DeCrown Avenue in said City, 144 feet north of the intersection of the east line of DeCrown Avenue with the north line of Green Lawn Avenue; thence along the south line of a certain fourteen foot alley eastward to the west line of a certain five acre tract of land sold by Augustus G. Wyeth and wife and William H. Davis and wife to The Jewett Car Company, by deed dated the 25th day of November, 1899, and recorded in Vol. 171 of deeds, page 486, in the recorder's office of said county, thence south along the west line of said five acre tract to the right of way of the Central Ohio Railway Company; thence in a southerly westerly direction along the north line of said right of way to the east line of DeCrown Avenue, a full list of which is described in a quit claim deed from William C. McCully and wife to Augustus G. Wyeth, recorded in Vol. 165, page 20, of said records, with the exception that the line along James D. Van Atta's is described in the McCully deed to Augustus G. Wyeth as 140 feet. Except a strip of ground seven feet by one hundred and fifty-eight (158) feet, sold by The Jewett Car Company to C. E. DeCrown, et al., by deed recorded in Vol. 176, page 493, of said records of Licking County, Ohio.

Second Parcel: Being a part of outlot "V" in William C. Mahom's Addition to Lockport, commencing at a point in the west line of Williams Street, 55 feet south of the south line of Cambria Street; thence west parallel with Cambria Street, 140 feet, thence south 55 feet, thence east 140 feet to the west line of Williams Street, thence north 50 feet to the place of beginning.

Third Parcel: Being a part of outlot "V" in William C. Mahom's Addition to Lockport, commencing at a point at the south side of Cambria Street, where it intersects the west line of Williams Street; thence running west on the south side of Cambria Street, 140 feet to an alley; thence south along the east line of said alley, 55 feet, thence east on a line parallel with Cambria Street, 140 feet, thence north 55 feet to the place of beginning.

Fourth Parcel: All the right, title and interest to a fourteen foot strip adjoining the property devised by Jonas C. Mahom to Clara E. Buehler, afterwards Clara E. Buehler, as will appear by records of wills, Vol. 14, page 195, conveyed to The Jewett Car Company by deed of the Board of Trade, by deed dated May 20, 1907, and recorded in Vol. 202, page 380, Licking County, Ohio, deed records, and by Jesse Van Atta, by deed dated March 13, 1907, and recorded in Vol. 202, page 168, of said records of deeds. McCully and wife to Augustus G. Wyeth, recorded in Vol. 165, page 20, of said records, with the exception that the line along James D. Van Atta's is described in the McCully deed to Augustus G. Wyeth as 140 feet. Except a strip of ground seven feet by one hundred and fifty-eight (158) feet, sold by The Jewett Car Company to C. E. DeCrown, et al., by deed recorded in Vol. 176, page 493, of said records of Licking County, Ohio.

A LIBERAL OFFER BY LICKING CREAMERY COMPANY

To the Users of Milk and Cream
From the Retail Wagon.
The Licking Creamery Company
begs to announce that until further
notice it will make a regular monthly
award of two (2) \$1.00 sheets of
milk tickets upon each of its retail
milk wagon routes to private con-
sumers of milk and cream through-
out the city.

The awards will be made on the
15th day of each month.

A duplicate receipt stub from every
sheet of tickets sold during the pre-
ceding month will be placed in a
box from which the stubs to receive
awards will be drawn by a disinter-
ested party. Each route will be
handled separately.

THERE IS BUT ONE CONDITION
QUALIFYING THESE AWARDS.

All competitors must have their
accounts with the Licking Creamery
Company paid in full for the month
preceding the one in which any given
drawing occurs.

In other words, should a duplicate
of one of your ticket receipt stubs be
drawn on the 15th of one month it
would not receive an award unless
your account was paid in full for the
month preceding.

This is absolutely the only require-
ment made, thereby characterizing
this proposition as being extremely
clean cut and liberal.

We hope it will please the public.
Watch for the next drawing. Your
name may be among the fortunate
ones to be announced in the papers
following the next drawing.

THE LICKING CREAMERY CO.
Elmwood Court.

A DISCOVERY THAT BENEFITS MANKIND

Two discoveries have added greatly
to human welfare.

In 1885 Newton originated the vacu-
um process for condensing milk with
cane sugar to a semi-liquid form.

In 1888 Horlick at Racine, Wis., dis-
covered how to reduce milk to a dry
powder form with extract of malted
grains, without cane sugar.

This product **HORLICK** named
Malted Milk. (Name since copied
by others.) Its nutritive value,
digestibility and ease of preparation
(by simply stirring in water) and the
fact that it keeps in any climate,
has proved of much value to mankind
as an ideal food-drink from infancy
to old age.

Ask for HORLICK'S—Avoid Imitations

DR. C. C. WEIST, M. D.

Will Make His
245th Visit To Newark

THURSDAY, OCT. 2ND

WARDEN HOTEL,
9 A. M. TO 4 P. M.

IF YOU ARE SICK, SEE
DR. WEIST

Practice Limited

To chronic affections of the Head,
Nose, Throat, Stomach, Liver, Bow-
els, as Indigestion, Dyspepsia, Bilious-
ness, Constipation, Diarrhea.

Blood, Heart, Skin, Rheumatism, Ec-
zema, Pimples, Blood Poison, Bad blood
etc.

Nerves, Spine, as Neuralgia, Head-
ache, Sleeplessness, Dizziness, Nervous
Exhaustion, Despondency, Loss of
Memory, etc.

Home Treatment for Women
Dr. Weist's treatment for women
does not include any humiliation. No
operations, remedy is harmless and can
be used privately. Consultation free
and confidential.

Diseases of Men

Dr. Weist want a private, heart to
heart talk with every man who is
weak, nervous, broken down, discour-
aged, or suffering from any disease
caused by ignorance, excesses, contag-
ion, incompetent treatment or neglect.

Why Consult Dr. Weist?

He has made regular monthly visits
to this community for fifteen years,
and has an established practice. His
practice is limited to Chronic Diseases,
and he has spent practically all his life
in the study and treatment of them.
His practice consists mainly of long-
standing cases who have failed to get
satisfaction elsewhere.

Remember

That Dr. Weist invites you to call
and consult him and investigate his
work and method of treatment and
that he charges absolutely nothing for
consultation and examination.

PRODUCTION

(Continued From Page 1)
no agent of ours had the remotest con-
nection with her death."
"I have the certified copy of that
verdict," said Senator Phillips, Repub-
lican, Colorado, "I file that in the
court. We have discussed the incident with
some of our people." Judge Gary re-
sumed, "not because we thought they
might be guilty, but for information. Our
orders and our policy are against an
active strike which could lead to any
thing of that kind."

Reiterating that the open shop was
the big issue in the present strike
Judge Gary declared that it was "the
opinion of the world that open shop
production is a better method and
more prosperous and that closed
shops mean lower production and less
prosperity."

"Here were these men," said Judge
Gary, referring to the steel workers
national committee, "starting out not
for better pay, for better conditions—
we'd never heard of their 12 points—
but to get control of this industry. And
what that means, I think you know."

orders and our policy are against an
active strike which could lead to any
thing of that kind."

Reiterating that the open shop was
the big issue in the present strike
Judge Gary declared that it was "the
opinion of the world that open shop
production is a better method and
more prosperous and that closed
shops mean lower production and less
prosperity."

"Here were these men," said Judge
Gary, referring to the steel workers
national committee, "starting out not
for better pay, for better conditions—
we'd never heard of their 12 points—
but to get control of this industry. And
what that means, I think you know."

"We have discussed the incident with
some of our people." Judge Gary re-
sumed, "not because we thought they
might be guilty, but for information. Our
orders and our policy are against an
active strike which could lead to any
thing of that kind."

A PRETTY CHAMOISETTE GLOVE AT 85c PAIR

Comes in grey, brown, kaffi, white, black, white trimmed in black, black trimmed in white.

The W. H. Mazey Company

Y CLASS WILL BE PUT THROUGH ALL ITS PAGES

The exhibitions planned for Friday night at the Y. M. C. A. will start at 7:30. Boys whose parents do not know what their sons can do in the gymnasium or the swimming pool at the Y have been asked to take this opportunity to visit the building and see the classes in action.

The program outlined by Physical Director Olson will consist of an ordinary day's schedule with one exception. This early in the season it was thought best to show what is done in class work as a regular thing rather than exhibit what could be done after a few weeks preparation on special stunts. While volleyball and basketball are very seldom played on the same class day, both games will be played on Friday night merely to acquaint the public with these two forms of winter sports.

The extra number on the program will be a Russian dance by W. L. Grieser. This dance is one of the many folk dances of the Russian people. Special music is required for this number. The program completed will be:

1. In the gymnasium—
2. Grand march; 2. Calisthenic drill;
3. Volley ball; 4. Apparatus work; 5. Games and races; 6. Russian dance (Kamarskai); 7. Basketball.
8. In the swimming pool—
1. Follow the leader; 2. Fancy swimming; 3. Candle race; 4. "Bag of gold" (submarine battle); 5. straight relay.

WOMEN GOLFERS OPEN SECOND DAY OF PLAY

Shawnee-on-the-Delaware, Pa., Oct. 1.—The 16 women golfers who survived the first round of the national championship tournament yesterday, swung into action again this morning. The most important contest for the day brought together Miss Alexa Stirling, the national champion, and Miss Marion Hollins, holder of the Metropolitan title in the first bracket.

MAGAZINES ARE HIT BY LABOR DISPUTES

New York, Oct. 1.—Two hundred and fifty New York printing plants, employing 10,000 men and publishing nearly all of the magazines and trade journals issued in New York as well as a large percentage of the books printed here were closed today by a simultaneous "lockout" and "strike."

The lockout ordered last night by the printers' league section of the Association of Employing Printers, is supported by the International Printing Pressmen and Assistants union of North America, the American Federation of Labor body which is waging a battle for supremacy over alleged "outlaw" local unions.

U. S. FOREIGN TRADE SHOWS GREAT INCREASE

Washington, Oct. 1.—The United States trade with foreign nations has grown enormously and reached ten and one-half billion dollars a year with a balance in favor of this country amounting to \$4,182,000,000.

Statistics of foreign imports and exports for the year ending August 31, just issued by the department of commerce show that the year's commerce exceeded that of last year by more than one and one-half billion dollars, while the balance of trade in favor of the United States was more than one billion dollars larger. Exports for the year were \$7,415,900,000 and imports \$3,233,900,000 making a total foreign commerce of \$10,649,800,000.

BLISS LAJOIE HOME. Youngstown, Oct. 1.—Mrs. M. J. Hasselbus of Cleveland, national president of the Woman's Welsh-American club, announced at the fifth annual banquet of the local club last night that the national organization has purchased the LaJoie estate in Cleveland for a home for aged Welshmen and women. The grounds comprise 15 acres.

Some men are naturally bright, while others, even when they are not under a cloud, are standing in their own light.

DRY RATIFICATION GOES TO VOTERS ON REFERENDUM

Ohio Supreme Court Holds People Are Part of Legislative Machinery of State Under Present Laws.

Columbus, Oct. 1.—Buckeye voters in November will decide on Ohio ratification of the federal prohibition amendment, unless the supreme court of the United States in the meantime reverses the Ohio supreme court.

The state supreme court, by a vote of 6 to 1, yesterday held that state ratification of a federal constitutional amendment, as well as enactment of a law, is a legislative act, in fact, "the highest function of the legislature."

For this reason, the court held, the federal constitution, in saying amendments must be ratified by the legislatures of three-fourths of the states, means not only the two houses of the general assembly, but the popular will as expressed in referendum, the entire legislative power of the state.

The court said that the ratification referendum amendment to the Ohio constitution, adopted last fall, was "for the express purpose of allowing the people of the state to participate in the legislative act of ratification of proposed amendments to the federal constitution."

The Sprague gerrymander suit of 1915, in which the federal supreme court sustained the Ohio supreme court in holding the term "state legislature," in referendum states, includes the people, was made the basis for yesterday's opinion.

Supreme courts of several referendum states recently have held that legislative ratification of federal amendments is not referable to the people. These states, however, have referendum provisions similar to those of Ohio before the constitution of the latter was amended last fall to include ratification as well as passage of bills.

The Anti-Saloon League, according to J. A. White, Ohio superintendent, will carry the present suit, brought by G. S. Hawke of Cincinnati, to the supreme court of the United States. Hawke sought to enjoin Secretary of State Smith from putting the wet's referendum on the November ballot.

Smith will proceed to put it on the ballot. If decision by federal supreme court is adverse and if it comes in time, Smith will withdraw the ballot. In case reversal of the Ohio courts comes after election, the action of voters on the question in November will be a nullity, and Ohio will remain recorded in Washington as having ratified the dry amendment.

DONAHUE CERTAIN TO BE NAMED U. S. JUDGE

Washington, Oct. 1.—Maurice H. Donahue, of Columbus was nominated today by President Wilson to be federal circuit judge of the sixth circuit.

Washington, Oct. 1.—The nomination of Judge Maurice H. Donahue of the Ohio supreme court, as federal circuit judge to succeed Judge John W. Warrington, Cincinnati, who has resigned, has been definitely and finally decided upon, according to unimpeachable information obtained yesterday. His name may be sent to the senate today.

Efforts to have Judge Warrington opened have failed. Kentucky lawyers insisted Ohio was not entitled to fill both pending vacancies, the circuit judgeship and the district judgeship, made vacant by the death of Judge Hollister. Friends of Simon Johnson of Cincinnati also have made a last ditch effort since the president's return to secure the appointment of the Cincinnati as Judge Warrington's successor.

Curiosity has been expressed here as to whether the Cincinnati Democratic organization will come forward with a candidate for Judge Hollister's place. So far nothing has been heard from the organization. Senator Pomeroy has not made a recommendation as to this latter appointment.

JOHN MITCHELL LEAVES ESTATE OF \$250,000

White Plains, N. Y., Oct. 1.—John Mitchell, former president of the United Mine Workers of America, left an estate of \$250,000, mostly in stocks and bonds, according to a petition for letters of administration filed in the surrogate's court of West Chester county yesterday.

In a will written in his own hand shortly before his death, but believed to be invalid because it lacked witnesses, the labor leader bequeathed all but \$10,000 of his estate to his wife and children. The \$10,000 was to be divided among other relatives and close friends.

The petition was filed by Mrs. Catherine Mitchell, the labor leader's widow, who lives in Mt. Vernon. It sets forth that Mr. Mitchell left no real estate, but did leave stocks in coal, railroad and industrial corporations valued at \$150,000, bonds valued at \$75,000, notes worth \$2,000 and about \$20,000 in cash.

CONDEMNS FOSTER AS DANGEROUS CITIZEN

Philadelphia, Oct. 1.—William Zeebion Foster, leader of the striking steel workers, was bitterly denounced as "a dangerous domestic enemy" by Judge Joseph Buffington of the United States circuit court of appeals yesterday.

Judge Buffington, who Circuit Judge Morris of Wilmington, Del., presided over a session of the naturalization court yesterday and he warned the prospective citizens to beware of such dangerous agitators as Foster.

Washington: Representative Fess rejected to chairmanship of Republican congressional committee.

Why Not Have First Choice of the Beautiful New Fall and Winter

COATS

For Women and Misses

\$19.50 to \$139.50

THESE are many reasons why you should select your new winter coat at once and there are also many reasons why you come here for your coat. NEWARK, OHIO.

EAST SIDE OF THE SQUARE THE STORE THAT SERVES YOU BEST

Now that you have the indisputable evidence of Natural Gas depletion before you, coming from the highest authority in the land, will you inaugurate an investigation that will establish beyond reasonable doubt the merit of these claims? Disregard or delay in acting upon this reasonable request will be reflected in a most disagreeable way when severe cold weather comes and a depleted supply of Natural Gas utterly fails to meet demands that will be made upon it. The affairs of The Logan Natural Gas & Fuel Company are the Concern of its patrons, because it is through this Company's service that they receive their gas supply. No matter what assertions are made by or concerning other companies regarding ability to furnish gas, rates to be charged or methods to be pursued in bringing about the most important result of all—that of conservation, you, our patrons, and ourselves are most vitally interested in the problems that confront us in our own particular situation. Will you in your own interest take prompt action to investigate?
